

B0870B BE-EXTREME W

CLASSIC PLUS Line

Wool lining, for an increased thermal insulation

Water resistant **waxy leather** upper

Fresh'n Flex

Ballistic fabric midsole
Perforation 0 mm
Standard 20345:2011
(Nail 4,5mm - Force 1100 Newton).

Overcap integrated in the sole, abrasion resistant, for increased durability

SlimCap

- Metal free toe-cap lighter
Cap's thickness reduced **35% less weight** compared to the market standard weight.
- Equipped with a perfect pre-shaped protective stripe to avoid the painful pressure on toes.

AirTech +

Technology 4x4

The **4x4** technology, designed by Base Protection, combines the **lightness** of the sole with a **high resistance** to **bending, abrasion** and **tearing**.

The **AirTech + Tpu-Skin Ultraflex** outsole combines the anti-fatigue effect with a better shoe flexibility.

- The external sole layer, the outsole, is reduced to 0.2 mm, a more resistant "skin" to flexions and abrasion.

- The outsole reduction increases the Air-Tech thickness, softer and elastic, improving the shock absorption and body weight distribution.

Result: an ideal shoe for outdoor work, light and robust at the same time.

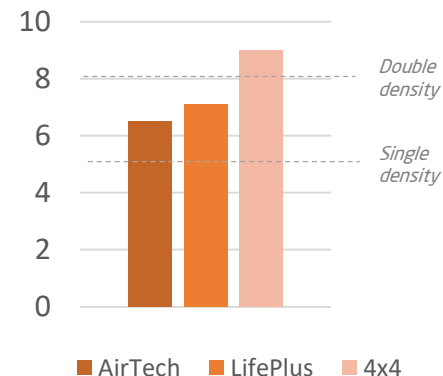

S3 CI SRC

Sizes : 39 - 50

Width

Tear resistance (kN/m)

Abrasion resistance:
Loss of volume (mm3)
